PROFILE

Design-driven full-stack engineer with 9+ years in visual design, shipping data-critical internal tools for a PhilHealth-accredited health IT provider. Bridges clinical accuracy with interface clarity: systems processing 50,000+ validation rows per run, and real-time collaborative editing with live presence — for 2,000+ healthcare units nationwide.

EXPERIENCE

Software Developer
2026

Eurolink Network International Corp.

- Built a browser-native Claims XML validation engine processing 50,000+ rows per run, replacing a fatal Chromium memory ceiling with a compact columnar pipeline — keeping reconciliation exact.
- Shipped real-time collaborative notes (Tiptap, Yjs, SignalR) with role-based access control and live caret tracking, modelled on Notion's editing experience.
- Delivered internal MIS modules for one of seven PhilHealth-accredited HITPs in the Philippines, serving 2,000+ healthcare units.

Full-Stack Developer
2023 – 2026

PUP San Juan — Quality Assurance Office

- Built and maintained digital accreditation workflows (Laravel, PostgreSQL) covering the full document evaluation cycle.
- Owned UI/UX architecture and technical support, streamlining evaluation across the university.

VP for Communications & Lead Designer
2022 – Present

GLITCH & Student Council

- Directed visual identity, creative teams, and campaign systems for three consecutive years.

SELECTED WORK

PUPSJ-CON — Accreditation Platform Laravel · PostgreSQL · Tailwind CSS · Figma
Best Capstone Award, PUP San Juan.

Project V — Vaccine Management Java · PHP · MySQL
Top 1 Best Project, Asia Pacific College bootcamp.

ENIC Healthcare MIS Suite ASP.NET Core · SignalR · Tiptap · Yjs · XML
Production modules for claims validation and collaborative notes; under NDA.

YAKAP — Partner Platform Identity Figma · Design Systems · Typography
Brand and interface direction for a PhilHealth-integrated partner platform.

EDUCATION & HONORS

BS Information Technology
2026

Polytechnic University of the Philippines — San Juan

- Magna Cum Laude, GPA 1.2 (PH scale)
- Rank 1, IT graduate — Rank 3 campus-wide
- Junior Programmer of the Year · Best Capstone · Public Service Award
